# THE ANNUAL SCHOOL MEET

A large crowd of visitors thronged Hondo Friday and Saturday for the Annual School Meet. Teachers, pupils and patrons from almost every school in the county were in attendance, and a number of the schools participated in the various contests. A wholesome spirit of good will and fairness pervaded the proceedings, and the satisfaction with results was general. Of course, not all could win, but cheerfulness in defeat is sometimes worth more than the acclaim of victory.

A notable achievement of the meet was the issuing of an extra edition of the Huajillo Leaf, the school paper, on account of the meet. The editorial and business staff of the Huajillo Leaf furnished all of the copy for the extra and the mechanical work was done in The Anvil Herald Print Shop. So systematic was the work done that in twenty minutes after the official announcement of the result of the Meet, the paper with a full account of the event, was on the press and the printed sheets rolling out. The achievement knocked the editor out of any attendance upon the events of the meet and kept him on the job until near midnight Saturday night, as well as several of the shops employees, but the satisfaction it afforded the young people is our compensation.

The report of the Meet as prepared for the Extra was so complete and accurate that we are giving it in full as our own report, with all due credit to the Huajillo Leaf staff.

Here it is:

## H. H. S. WINS IN CLASS B.

The Blue and White came forth victorious in the County Meet in Class B. The entering of Devine in track and field was only for competition. ## HONDO WINS MUSIC MEMORY BY DEFAULT.

The Hondo Music Memory Team,  
composed of Janet Kimmey and  
Hermina Nester, won by default.  
This contest gave Hondo their first  
fifteen points. This team was so  
efficiently trained by Miss Newton,  
that had there been competition,  
there is no doubt but what Hondo  
would have won.

## WHY THE COUNTY MEET WAS A SUCCESS.

The County Meet was a great suc-  
cess. This is the belief of all those  
who attended. This success is due  
to: the cooperation of the directors  
of the meet; the spirit of the con-  
testants; the welcome given by the  
citizens of Hondo and the Hondo  
High School.

Through the hearty co-operation  
of the directors, the Meet was made  
successful. At no time did any of  
the directors appear partial to their  
school. They were wishing for a  
good County Meet and not for their  
respective schools. The spirit of  
the contestants was better this year  
than ever before. They did not have  
their "petty gripes" about the con-  
test. There was more sportsman-  
ship shown by the contestants than at  
any other County Meet.

The citizens of Hondo also played  
their part in the County Meet.  
They offered rooms for more than  
sixty contestants besides the regular  
hotel accommodations the people of-  
fered anything in their power to  
help the school make the meet a  
success.

Last but not least in importance  
was the support of the school. A  
committee of students was formed to  
help finance the Meet. The  
students went to the people to get  
rooms for the contestants, securing  
room for sixty. A third committee  
was formed for the purpose of regis-  
tering the contestants. High School  
students prepared the numbers for  
the track and field men. The

Huajillo Leaf Extra was sent free  
to all the contestants through a joint  
agreement between Mr. Howell and  
The Huajillo Leaf management.

The school wishes to thank all  
those who have helped to make a  
successful County Meet. It is not  
only a credit to the town of Hondo  
and the Hondo High School but is  
a credit to the whole County.

## Chills, & Stomach Trouble

MR. N. A. SMITH, of Shaw, Miss., says he can't remember being without Thedford's Black-Draught liver medicine since he and Mrs. Smith began keeping house, many years ago. "When we have chills," says Mr. Smith, "Black-Draught is what we use and we find it just splendid. I had a bad case of stomach trouble. I couldn't eat enough and was very weak. Everything I ate hurt me, formed gas and I spit up my food. I would feel stupid or staggered. I didn't feel like doing any work. I knew what Black-Draught had done in colds and I began taking small doses. I certainly got relief. It did me lots of good. "When I go to town, I look first to see how near out of Black-Draught we are, and then get more. We are a good way from the doctor and keep our home remedies and the main one is Black-Draught." In hundreds of thousands of homes, housekeepers keep Black-Draught on the shelf, handy for use when needed, as a household remedy to relieve constipation, biliousness, indigestion, and many other simple ailments. "A dose in time saves nine." A dose of Black-Draught costs only one cent. It may save you a big bill for medicine later on. Keep it on your shelf. Buy it at your store. Get a package today.

The latest information from the little Schwarz girl who was injured in the railroad crossing accident in which her father lost his life a month ago, is to the effect that she is showing some improvement. Surgeons performed an operation on her head about a week ago, removing a quantity of liquid substance that had accumulated inside the skull, that was pressing on the brain. She came through the operation splendidly and has been showing signs of returning consciousness since, recognizing those around her and making an effort to talk but so far has not been able to articulate in a sufficiently distinct manner to be understood. We understand it is the purpose of the surgeons to make another operation as soon as they think it advisable on the other side of her head by which they hope to completely restore her to consciousness, and ultimately restore her to normal health.

### LADIES' FORTY-TWO CLUB.

The members of the Ladies' Forty-two Club were delightfully entertained on Thursday afternoon with Mrs. L. E. Heath, Mrs. Sadie Hutzler and Mrs. Chas. Finger as hostesses. The spirit of Spring was reflected in all appointments—a profusion of Texas blue-bonnets gave the keynote for the decorative scheme, and favors of Easter bunnies further carried out the suggestion of Spring.

Mrs. Geo. Gilliam, the guest of the afternoon, won high score by annexing thirteen of the fifteen games played, while Mrs. W. H. Smith and Mrs. H. J. Meyer tied for low score, each having to her credit five games.

The following were present: Mesdames Earl Boon, Sadie Hutzler, Geo. Gilliam, O. H. Miller, Fletcher Davis, Earl Starnes, W. H. Smith, Alice Reinhardt, Felix Batot, F. S. Cockrell, Geo. Heyen, P. Jungman, H. J. Meyer, F. S. Schweers, Oscar Schuehle, R. W. Speece, Horace Bradley, Chas. Finger, L. E. Heath, R. J. Noonan, Roy Stone, C. J. Schuehle and Minke Muennink.

The next meeting will not be held on April 17th but has been postponed to the afternoon of Thursday, April 24th. The hostesses will be Mrs. P. Jungman, Mrs. Geo. Heyen and Mrs. Robert Bendele.

### WITH THE DRILLERS.

Frank Brown, field manager of the Ina Oil Company, reported No. 3, down sixty feet and in rock Wednesday afternoon. In well, the first of the four under contract by the Trinity Drilling Company, was spudded in at 3:00 o'clock last Saturday afternoon. The geological formation found in Inas No. 1 and 2 check with the formation found in the new well, with the exception that the formations are somewhat closer to the surface than in the first two wells. For instance the rock which was encountered sixty feet in the new well was found at sixty-nine feet in the first two wells. Ina No. 3 is about one-quarter of a mile southwest and across the Hondo river from Inas Nos. 1 and 2, and as it is in proximity to the O'Brien well, the promoters have no doubt but oil will be found when the proper depth is reached. The well will be drilled with a rotary and the cap rock is reached when a cable rig will be used to drill in.

The well on the Ward place, seven miles west of the Ina well, will be spudded in the coming week. After many delays, a rig has finally been obtained, and teams are busily engaged moving the outfit from the McBride well to the new location and Will Metzger, who has charge of the drilling, is "making to go", and promises within thirty days to invite the people of Hondo out to see the well come. He thinks that he is in gusher territory and expects big results as the outcome of his drilling. He is an experienced driller, having operated in many of the big fields of Texas and his judgment in oil matters backed by extremely favorable geological reports, is expected to largely increase the proven oil area. The enterprise is being financed by local capital.

Carl Brothers well, on the L. Schmidt ranch, was down 1864 feet at last reports—the deepest well that has yet been drilled in this field. It is about one-quarter of a mile south of Inas Nos. 1 and 2. Oil indications have been found but not enough to warrant a test but the promoters have confidence backed by geologists' judgment, that pay sand will be encountered before the Edwards line is reached, which is some two hundred feet below the present depth of the well.

The last report from the Williams Company well on the Machus farm was setting casing at three hundred and thirty-four feet for the purpose of making a test. Besides the evidence of considerable gas pressure we have no knowledge as to the possibility of this well.

We have no information as to the progress being made at the other wells.

## FROM THE BANDERA NEW ERA.

We are pleased to learn that members of Otto Weltner's family at Camp Verde, who have been ill with measles, are now recovering.

Leopold Haby and son, Arnold, were up from Medina Lake yesterday, and Mr. Haby enrolled as a member of the Bandera County Old Settlers' Association.

Captain Chas. de Montel and sons, Frank and Lee, and Mrs. Lee Montel, were here from Camp Verde Monday. Captain Montel says he used to take part in the tournaments in the old days, and may decide to try his hand once more during the Old Settlers' reunion next July.

Charlie Schott and his manly son, Rudolph, were up from Red Bluff Creek Monday with mohair, which Mr. Schott sold for a good price. He says his clip was light this season, but what the mohair lacked in weight was offset by the price, and he is pretty well satisfied. He orders the New Era sent to his brother, A. J. Schott, Riverside, California.

## Celebrates 88th Birthday.

Judge George Hay celebrated his eighty-eight birthday last Sunday and he and his good wife were given a dinner at the home of Mr. and Mrs. B. F. Lanford, Jr., on that occasion. As March 25th was also the 80th birthday of Mrs. Hay, it was intended

as a joint celebration. Only Judge and Mrs. Hay, I. B. Lanford, and Mr. and Mrs. B. F. Lanford and family were present.

The many friends of this aged pioneer couple rejoice to know that both are enjoying excellent health, and wish for them many more happy birthdays. They have been in Bandera a long time, both coming here when quite small. Judge Hay reached this place in the spring of 1854, and has resided here almost continuously ever since, with the exception of a few years spent in Hondo.

A STUDY IN MASONRY—TEXT  
—PSALMS 133-1; Rev. 5-5.

At the regular Sunday evening  
services at the Methodist Church,  
the pastor, Rev. A. M. Foster, preach-  
ed a special sermon on Masonry.

Members of the fraternity were  
given seats of honor in the central  
tier of pews, and a goodly representa-  
tion was present. After the usual  
song and prayer service, Rev. Foster  
delivered the following pointed and  
instructive discourse:

In preparing this sermon on  
Masonry and for Masons I will en-  
deavor to give some reasons for the  
existence of such an organization,  
some of its claims, and some of its  
tenets. The terms that I shall use  
are found in the Masonic monitor  
and may be read by the public.

Perhaps no other organization in  
civilization outside the Church of  
God has had abler men to inquire  
into or investigate the history of the  
solemn rites and ceremonies of this  
ancient and honorable institution.  
Much has been written and spoken  
concerning its ancient origin, and  
those who are best informed in  
Masonic history tell us that Masonry  
had its beginning far back in anti-  
quity when the hearts of men yearned  
for brotherly love; and among  
other laudible objects was to pre-  
serve the Holy Bible from hands that  
would have destroyed it.

I do not mean by this statement  
that the Masonic fraternity has done  
more than to play an important part  
in standing guard over the Word of  
God; for it is generally known that  
the Church of God has always had  
her faithful few who stood guard  
over that which "liveth and abideth  
for evermore."

While the teachings of Masonry  
are largely symbolical and from  
which great truths are taught and  
impressed, it is a well known fact  
to all Masons, and even to others  
who have read our monitor and other  
Masonic literature which is open to  
the public, that the very life and  
principles of this great order are  
rooted and grounded in the Word  
of God.

A great deal has been said about  
the origin of Masonry, and some  
have said that it dates back to the  
days of the shepherd kings; and some  
have even declared that Abraham  
was a Mason. Now I do not care  
to enter upon a discussion as to the  
real origin of Masonry (I will leave  
that for brethren who are better in-  
formed). It's enough for us to know  
that many of the beautiful symbols  
used in our ritual work are taken  
from the Temple erected by King  
Solomon and dedicated to Almighty  
God; and it is enough for us to know  
that Masonry reached its zenith in  
the erection of this magnificent  
Temple. And then too, it's quite  
consoling to know that monarchs  
have gladly put aside their crowns  
and scepters long enough to use  
the working tools of Masonry.

Let us take for example the first  
great section in Masonry; here we  
are not only instructed as to some  
of the beautiful symbols pertaining  
to the Temple, but we are also taught  
that Masonry is a moral institution,  
and founded upon the morality as  
taught in the Word of God; the candi-  
date for Masonry must take the  
Bible as the rule and guide to his  
faith and practice; the Bible is in-  
deed the great light in Masonry and  
the source from whence Masons de-  
rive all their ethics. If I did not  
believe this I could not be a Mason,  
and if your faith is not well rooted  
and grounded in the Word of God  
you can never become a true Mason;  
but I know that all true Masons  
reverence the Holy Bible. While I  
have endeavored by the help of God  
to dedicate my life to the most  
sacred cause and calling that ever  
challenged the time and talents of  
men—as a minister of the gospel—  
yet I find nothing in the Bible to  
prevent men as men from banding  
themselves together for any great  
and laudible purpose.

Masons never solicit members, but  
by their manner and conduct of life

they are supposed to draw kindred  
spirits to them; and were it not for  
that spirit in Masonry the order  
would have been forgotten long ago.  
Do not understand me to say that  
all Masons live up to that rule and  
high standard of life, but if he is  
a true Mason he will; for it requires  
more than an obligation to make a  
Mason. The Apostle Paul says "it's  
the duty of the strong to bear the  
infirmities of the weak", and it's the  
duty and purpose of Masonry to lead  
men up to a higher plane of moral  
ethics.

When a member of the Masonic  
fraternity refuses to conform to cer-  
tain rules that are necessary for the  
good, and on-going of the order it  
is often found necessary to sever  
that member from the body rather  
than to allow the whole body to be-  
come infected and die. And here  
the Masonic fraternity and the  
Church run parallel; for did not the  
Master say, "If thy right eye offend  
thee pluck it out and cast it from  
thee—or if thy right hand offend  
thee cut it off and cast it from thee,  
for it is profitable for thee that one  
of thy members should perish and  
not that thy whole body should be  
cast into hell."

In this connection I wish to say  
that Masonry in no way tries to take  
the place of the Church, or to usurp  
any of its rites or ceremonies. Salva-  
tion is not offered in the Masonic  
degree; however, Masons do believe  
that they have a right to strive to  
live up to the rules of life as laid  
down in the Word of God, and they  
also strive to enforce these rules to  
the extent that no man can be made  
a Mason who does not declare a  
belief in Deity, and who does not  
believe in the divine authority of  
the moral law, and the divine authen-  
ticity of the Holy Scriptures.

Yet it is left to every man's con-  
science to choose his own church  
affiliations, and no man is asked to  
trust his soul's salvation to Masonry  
alone no matter how beautiful and  
sacred its symbols and ceremonies  
may be. And yet I know there are  
many who are willing to take such  
a chance, and who are risking their  
all on Masonry. But I am not de-  
fending the man who does not recog-  
nize the authority and power of the  
Lion Of The Tribe Of Judah—in  
whom and in whom alone is light,  
life and salvation.

As I see it and as many others  
see it, it should be the natural thing  
for a Mason to become a converted  
man if he is not already one when  
he becomes a Master Mason; now  
the mere taking of the degree does  
not and will not make him one, but  
if he is honest with himself and if  
he is honest with his God he cannot  
help but think seriously about his  
soul's eternal interest. The Lion of  
the Tribe of Judah is the Christian's  
Savior, and I may also say He is  
the Mason's Central Sun, for He is  
indeed the fairest among thousands,  
and altogether lovely.

It is not out of order for me  
to say just here that Masonry is not  
a political institution, and that no  
man is likely to enhance his political  
worth by becoming a Mason, more  
than living the ideal life should make  
any man better qualified for the  
various duties of life; politically or  
otherwise. And then again—in the  
first great section of Masonry we  
have many beautiful symbols and  
may I mention first the clasped  
hands? This means much to the true  
Mason who would know and also be  
known. And then we cannot forget  
the Lamb which has in all ages been  
deemed an emblem of innocence.  
Our Lord and Savior is referred to  
as "The Lamb of God that taketh  
away the sins of the world" and "A  
Lamb without blemish and without  
spot". He, therefore, who wears the  
spotless badge of a Mason is constan-  
tly reminded of that purity of  
heart and uprightness of character  
so essentially necessary to his gain-  
ing admission into that spiritual  
building—that house not made with  
hands, eternal in the heavens.

A great deal has been said about  
the hypocrite in the Church—the  
man whose life and daily conduct  
contradict his profession; and we  
know there are many in the Church  
who are not what they ought to be,  
but as I see it, it is the great work  
of the Church to make good men  
out of bad men. The church is now,  
and has ever been, made up of im-  
perfect men; and even of the Twelve  
who formed the Apostolic circle one  
was a base hypocrite; and is it not  
a fact that you will find in every  
organization those who are not true  
to that organization?

It is a well known fact that the  
Masonic fraternity does not—like  
the church—extend that broad invita-  
tion to the whole world to come and  
partake of its benefits. The Church  
is one institution where no bars are  
ever placed save obedience to the  
will of Christ; but when one makes

application for the degrees in  
Masonry his character will be investi-  
gated; and while perfection is not  
expected he is not wanted in any  
Masonic lodge unless he is a God  
fearing man and an upright citizen,  
and the best Christian men stand  
the best chance to become members  
of this honorable institution when  
they make application.

But with all the caution and ambi-  
tion to gather none but the best men  
it is often sadly true that the spotless  
lamb-skin has been and is being worn  
by men who did not and who do not  
take the Bible as the rule and guide  
to their faith and practice.

When a Mason from time to time  
looks upon the symbolic columns that  
stand in every Masonic lodge room  
today he is reminded of wisdom,  
strength, and beauty; and that wis-  
dom, strength, and beauty are the  
supports of every well organized  
life whether that individual has ever  
seen the inside of a lodge room or  
not. But these columns are also the  
supports of every well organized  
lodge. And when these truths are  
taught and impressed upon a Mason  
it is hard to understand how one  
can go astray.

CITATION BY PUBLICATION

THE STATE OF TEXAS,  
To the Sheriff or any Constable of  
Medina County—Greeting:

YOU ARE HEREBY COMMAND-  
ED, That you summon, by making  
Publication of this Citation in some  
newspaper published in the County of  
Medina for four weeks previous to  
the return day hereof, Harry Fitz-  
Patrick, whose residence is unknown,  
to be and appear before the Hon.  
District Court, at the next regular  
term thereof, to be holden in the  
County of Medina, at the Court  
House thereof, in Hondo, Texas, on  
the 21st day of April, A. D. 1924,  
then and there to answer a Petition  
filed in said Court, on the 13th day  
of March A. D. 1924, in a suit num-  
bered on the docket of said Court  
No. 2021, wherein Laura FitzPatrick  
is plaintiff and Harry FitzPatrick  
is defendant. The nature of the  
plaintiff's demand being as follows,  
to-wit: that plaintiff is and has been,  
for a period of twelve months prior  
to exhibiting the petition, an actual  
bona fide inhabitant of the State of  
Texas, and has resided in Medina  
County for at least six months next  
preceding the filing of this suit; that  
on or about June 17th, 1919, in San  
Antonio, Texas, the plaintiff, who was  
then a single woman by the name of  
Laura Bilhartz, married said defend-  
ant; that they continued to live  
together as husband and wife until  
on or about December 29, 1920,  
when the defendant deserted plaintiff  
and their baby boy at their home  
in Ranger, Texas, with the fixed  
intention then and there on the part  
of said defendant to desert and per-  
manently abandon plaintiff and her  
child, and that he did so desert and  
permanently abandon plaintiff at said  
time and place, since which time she  
has never seen nor heard from him;  
that since defendant deserted her,  
she has made diligent efforts to  
locate him but that she has been  
unable to do so, and his residence  
is unknown. Plaintiff alleges that  
during the time she and defendant  
lived together as husband and wife  
she at all times was faithful and  
true to her marital vows and obliga-  
tions, and that she was always kind  
and affectionate towards him, and  
that his desertion of her was without  
cause or provocation. Plaintiff fur-  
ther alleges that she had one child  
by defendant, to-wit: a boy, named  
Jack FitzPatrick, age about three  
years nine months, and since defend-  
ant deserted her, said child has been  
in the care and custody of, and  
supported by plaintiff and her pa-  
rents; that said marriage relations  
still exist, but that defendant's ac-  
tions and conduct in deserting  
plaintiff and baby, wholly without  
cause are of such a nature as to  
render their further living together  
as husband and wife insupportable,  
the premises considered; wherefore  
plaintiff prays the Court that de-  
fendant be cited by publication to  
appear and answer herein, and  
for judgment dissolving said mar-  
riage relations, for the absolute  
care, custody and control of the  
child, for costs of suit, and for such  
other relief, in law and in equity,  
that she may be justly entitled to.

HEREIN FAIL NOT, And have  
you before said Court, on the said  
first day of the next term thereof,  
this Writ, with your endorsement  
thereon, showing how you have ex-  
ecuted the same.

Given under my hand and seal of  
said Court, at office in Hondo this,  
the 13th day of March A. D. 1924.  
Issued same day.

[L. S.] AUGUST KEMPE,  
Clerk District Court Medina County,  
Texas.

## DEVINE NEWSLETS.

### From The Devine News. LAYING GAS PIPE LINE FROM SOMERSET.

We are informed that Mr. Witherspoon, who has derricks up for his first well in Medina County, on the Briscoe land, near Natalia, is laying a gas pipe line from his wells in the Somerset field and will use his own fuel. This three or four miles of pipe line will cost more than the fuel for one well and it is evident that Mr. Witherspoon, who is one of the biggest operators in the Somerset field means to drill more than one well, in the Medina field. We hope that it means much development in this field. Practically all the oil scouts are agreed that Mr. Witherspoon is not taking much chances in laying this line. It is in direct line with the Somerset field and the best Medina County wells, in the territory not heretofore drilled in, and only two or three miles from proven wells.—Devine News.

All contestants were provided lodging in the homes of Hondo citizens and many visitors were shown a like hospitality. The Meet was characterized by a spirit of friendliness and good sportsmanship. ### WHY SUFFER SO?

Get Back Your Health As Other Hondo Folks Have Done.

Too many people suffer lame, aching backs, distressing kidneys disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Hondo cases:

Mrs. P. H. Renkin, tinsmith, says: "My kidneys were disordered and acted irregularly. I used Doan's Pills and they entirely removed the trouble."

FOUR YEARS LATER, Mrs. Renkin said: "I still use Doan's when my back or kidneys bother me and they always cure the attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Renkin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Fire Destroys Barn.

At 10:00 P. M. Sunday, fire of unknown origin completely destroyed a large barn belonging to Mr. Jacob Rihn at Spindletop.

Mr. Rihn was in San Antonio at the time of the fire and his sons, Edwin and Ernest, who had retired shortly before, were unaware of the fire until they were awoke by neighbors who saw the fire and came to assist.

The barn was completely encircled by the flames when first seen. All other nearby buildings were saved by the large number of people who were immediately there to help.

Mr. Rihn's loss is estimated about \$3000.00. Some 1000 bushels of corn, and 500 bushels of oats, 600 pounds of cotton seed and sorghum, that was in the barn, was destroyed, except a little oats.
